Newly Built Modern Family Home (4+kk) with Garage in a Highly Sought-After Part of Brno – Komín, Hlavní Street

Newly Built Modern Family Home (4+kk) with Garage in a Highly Sought-After Part of Brno – Komín, Hlavní Street

We are offering for sale a newly built modern family house with a 4+kk layout and a garage, located in one of the most desirable districts of Brno – Komín, on Hlavní Street.

The house is fully completed, equipped with modern technologies, and ready for immediate move-in.

Upon entering, you are welcomed by a spacious entrance hall (7.6 m²) with built-in wardrobes.

From the hall, there is direct access to the garage (22 m²), which provides ample space not only for a car but also for storing bicycles, skis, and other equipment.

The hall also leads into a large open-plan living room with a kitchen area (38 m²).

The custom-made kitchen is equipped with high-quality Siemens built-in appliances – an oven, microwave, dishwasher, induction hob, extractor hood, refrigerator with freezer, and wine cooler.

Large glass sliding doors (HS portals) lead from the living area to a terrace and garden (34 m²).

The terrace features a comfortable seating area, an IQue Fiji Gold hot tub, and a Winsol awning providing shade and privacy.

The garden is pre-fitted with a 380 V outlet for a sauna installation.

On the ground floor, there is also a bathroom with a shower and toilet, as well as a utility room.

From the living area, you can access a tiled cellar (7 m²).

The upper floor offers three separate rooms (23 m², 18 m², and 14 m²).

The master bedroom has direct access to a balcony (10 m²) with a view of the garden.

Upstairs you will also find a second bathroom with a shower (6 m²) and a separate toilet (3 m²).

The house is heated by a modern Toshiba Estia Hydrobox HWT-1101 XWHT9W-E heat pump with an outdoor unit HWT-801 H8W-E. Photovoltaic panels installed on the roof contribute to lower energy costs and sustainability.

The entire house features underfloor heating, and hot water is provided by a 300-liter boiler connected to the heat pump. Additional comfort is ensured by external blinds throughout the house, LG Standard Plus 5 kW air conditioning, Kasko garage doors, and a Somfy smart home system that allows automated control of the garage door, blinds, awning, home alarm, and outdoor camera. All rooms are equipped with data connections, and high-speed internet is provided by Vodafone.

Komín is one of Brno's most peaceful and sought-after residential areas. It offers excellent transport accessibility (10–15 minutes to the city center by car or public transport) and full civic amenities – schools, kindergartens, shops, restaurants, and sports facilities. Nature, cycling paths, and the Svatka River are all within walking distance, ideal for leisure and outdoor activities.

This home offers everything a modern family needs – from luxury fittings and smart technology to spaces designed for relaxation. It is a place where you will enjoy spending every day and always look forward to coming home.
