Land for sale - gardens, 704 m², Brno countryside - Sokolnice

As the exclusive representative of the owner, we offer for sale a garden with an area of 704 m² in Sokolnice, near Brno.

The land has readily available groundwater, which is ideal for drilling a well. In addition, there is a connection to the state water supply just 30 meters from the property. An electrical connection is also available in front of the plot.

There are already garden houses and small cabins on the neighboring plots, which suggests the possibility of a similar use for this garden as well. The location is easily accessible, approximately 20-25 minutes by car from the center of Brno.

If you are interested in more information or a tour, please contact the listed broker. Fast and high-quality legal service is a matter of course for us.
